Thank you to Wasi and his team for this great platform that helps meet community needs.

## School-Age Children with OHP Will Receive Summer EBT Food Benefits

Summer EBT is a new grocery benefits program. It helps families buy food for their school-age children during the summer when school is out. Families will get \$120 for each eligible child. They receive the benefit in one payment on an Oregon EBT card. School-age children in households participating in SNAP, TANF or OHP are automatically enrolled in Summer EBT and do not need to apply.

Families who expect to be automatically enrolled in Summer EBT may take the following steps starting in July 2024:

- Check your current Oregon EBT card account to see if Summer EBT benefits were added.
- Look for a letter in the mail that confirms your child's eligibility.
- If you don't get a Summer EBT letter or benefits by mid-July and think your child is eligible, contact the Summer EBT Call Center at 1-833-673-7328. The Call Center is open Monday through Friday from 8 a.m. to 5 p.m., Pacific Time.

Some families who are not automatically enrolled still may qualify for Summer EBT and will need to apply. They can learn about eligibility requirements and options for applying
